THE ROBESON COUNTY CONTEST.

By Mr. Buxton, a resolution requiring the committee on Privileges and Elections to report without further delay upon the Robeson county contest, and moved a suspension of the rules to consider the resolution.

Mr. Buxton explained his reason for this resolution. He approved of the action of Judge Settle in admitting the Democratic claimants from Robeson, as that was the only course that should have been pursued, but he thought the matter should have an immediate hearing.

Mr. Coleman thought there was sufficient reason why this question of contest from Robeson should not be acted upon before other matters of a similar character before the Committee on Privileges and Elections. The Republican claimants were members of the General Assembly, and hence they stand in the same relation, to this extent, with some 32 other cases of the same character now being considered by the Committee. The party claiming must show a title from his own strength and right and not from any weakness of his adversary. He thought the action of the Committee towards those having doubtful seats had been sufficiently liberal, as in this number only some seven were Conservatives and some twenty-odd Republicans, and he could not see the necessity of the other side pressing the action of the Committee.

The Chair decided the suspension of the rules not debatable, and stated that he had allowed the debate thus far only through courtesy.

The motion to suspend was lost by a vote of 54 ayes, 55 nays, Mr. Barringer changing his vote from the affirmative to the negative before the vote was declared.

Mr. Barringer moved to reconsider the vote by which the motion to reconsider was lost, and upon this motion spoke at some length. He thought the majority was taking an unfair advantage of the minority. This matter was of much moment to the people of North Carolina, and he warned the majority it matter would be pressed until it was settled. He had hoped that the labors of this Convention would progress harmoniously, and he regretted to see any evidence of the reverse.

Mr. Coleman defended briefly the position he had taken in his previous remarks.

Mr. Tourgee supported the views expressed by Mr. Barringer. He claimed that this question was not one of party supremacy but of right to the whole people of the State. He could not see any justice in staying off the consideration of this question, as the people should know the decision of the Convention upon the matter.

Mr. Manning regretted to feel necessitated to take part in the discussion, from the fact that he thought it out of order and because he was a member of the Committee on Privileges and Elections. He had no hesitancy in saying that as a member of the Committtee and of the Convention he should hesitatingly vote for the persons whom he thought had received the largest numbers of votes according to the law.—But the Committee did not intend to prejudge the case, and should investigate the whole matter fairly and fully, as it was claimed that the Republican contestants had received a sufficient number of fraudulent votes to defeat them, even should their right to a seat be otherwise admitted.

Mr. Manning moved to lay the motion to reconsider upon the table, which motion prevailed by a vote of 56 to 55.

MISCELLANEOUS.

By Mabson, col., an ordinance to give Edgecombe another representative in the lower house of the General Assembly. Referred.

The ordinance relating to the *per diem* of the members and officers of the Convention, introduced yesterday, was considered.

Mr. Robbins moved to lay the whole question upon the table.

On motion of Mr. Wilcox, the whole question was referred to a special committee.

Mr. Bowman moved a suspension of the rules to take up the resolution to adjourn *sine die*, which motion was lost by a vote of 55 to 56.

CALENDER.

The ordinance regulating the *per diem* of the members of the General Assembly was read the third time

Mr. Vaughan moved an amendment that each General Assembly be allowed to regulate the *per diem* of its members, providing that in no case shall it exceed the sum of $300 to each member during his term of office.

Mr. Allman moved an amendment that the members of the General Assembly shall receive $4 per day each, and 20 cents mileage each way.

Mr. Vaughan's motion was lost by a vote of 44 to 62.

Mr. Tourgee moved a substitute for the whole question, pending which a motion to recommit the whole question to the committee was put and lost by a vote of 48 to 55.

On motion of Mr. Alberston, the Convention adjourned until 10 a. m. to-morrow morning.

AN ABLE BODY.—It is acknowledged by all who have seen it that the body composing the present State Convention is by far the most intelligent assemblage that has been in this city since the war. There are on the floor a number of gentlemen who have served in both branches of the Federal Congress with credit to themselves and honor to the State. Only within the last day or two has the ability of the body really commenced showing itself, although the actual working thus far has developed striking qualities and keen foresight on both sides of the house.

NOT TRUE.—The Jefferson (N. C.) *Messenger* makes the following announcement, evidently against its will:

We regret to state that the announcement of the death of Joseph W. Greer, which appeared a week or two ago, is not true. We are not to blame, though, for thus exciting false hopes in the bosoms of his acquaintances, for our information, although not at all reliable, was certainly direct. It appears by comparing the letter which we published with a postal card, recently received from Greer by one of our citizens, that Greer himself wrote the letter announcing his death.

DIOCESE OF NORTH CAROLINA.—The following are Bishop Lyman's appointments:

Sept. 19th, 17th Sunday after Trinity, Asheville.
Sept. 21st, P. M., Rutherfordton.
" 22nd, P. M., Shelby,
" 23rd, P. M., Lincolnton.
" 24th, A. M., High Shoals.
" 26th, 18th Sunday after Trinity, Charlotte.
" 28th, A. M., St. James, Iredell Co.

NINTH DAY'S SUMMARY.

A number of other ordinances were introduced in the Convention yesterday, but the only thing of moment which transpired was the discussion of the Robeson county contested case. Mr. Buxton introduced a resolution demanding an immediate report in this case from the Committee on Privileges and Elections, supporting his motion at some length, claiming that the Committee had no right to withhold the consideration of the question from the Convention. Mr. Coleman, from Buncombe, defended the Committee in an able and eloquent manner. He could not see why this case should be considered any sooner than the thirty-odd other cases of eligibility to seats which were before the Committee, especially so when the Committee had to consider, in addition to the claim of the Republican contestants, the fact that these same claimants were at present members of the General Assembly and were therefore upon the same footing with the dozens of cases that had been submitted to the Committee.

Messrs. Barringer and Tourgee, from the Republican side of the house, let loose their thunder on the Democratic side for thus preventing the wishes of the (Republican) people of the State from being heard. They wanted harmony and smooth working in the body, but the wishes of the Republicans must be acceded to, or, "by the heavens," a war "of words" would be the consequence.

Mr. Manning, of Chatham, from the committee, stated that it was the intention of the Committee on Privileges and Elections to consider this case fully and fairly, and he for one should vote to seat the proper claimants; but they would not prejudge the case, and would not report upon it until the whole question had been thoroughly examined into, as the matter of alleged fraudulent voting in Robeson had also been brought before the committee.

The motion to suspend the rules to consider the resolution of Mr. Buxton did not prevail, and the Republican protestants withdrew in good order. And thus has the first blood of the session been spilt.

THE FAIR GROUNDS.—We paid a visit to the Fair Grounds yesterday and were much pleased to see every thing in such perfect order. The grounds and track are really in a nice condition, showing that those having this department in hand have done their work well. We met a large number of persons at the grounds, some of whom were engaged in selecting booths, stalls, &c., for the exhibition next month. With the usual liberality on the part of the railroads, and with the evident interest manifested by the managers of the Fair as well as the general public, we may expect the Fair in October to surpass anything ever before held in the State.

LOOKING UP.—The general business of our city has been looking up this week, and we may soon anticipate a positive trade. New cotton came in quite feely yesterday, and we are glad to know prices have somewhat improved, there being several orders in the hands of our cotton merchants. Let the whole farming public contiguous to Raleigh remember the fact that a better price for cotton is not *netted* in any other market in the country and that goods of all character can be bought in our market at extremely low figures.

A NEGRO INVASION INTO ORANGE.—The Hillsboro *Recorder* has the following concerning the Radical efforts made to carry the county of Orange to-day:

"Democrats of Orange! Will you stand this? We learn that Friday Jones and other politicians of Wake county have been sent into Orange, with plenty of money to buy up and corrupt as far as the money will go. Was it not enough that Ike Young was with you with his pockets full, to insult you by offering bribes and promises; must they add insult to injury by sending a squad of negroes among you to do what Ike Young could not do?"

MASONIC DIGEST.—D. W. Bain, Grand Secretary of the Grand Lodge of North Carolina, has under the direction of the Grand Lodge, prepared a complete digest of the laws, resolutions and edicts in force in North Carolina. This digest supplies a need long felt in the State and will be invaluable to officers and members. It is now in press and will be ready for delivery by the meeting of the Grand Lodge in December.

MECHANICS' BUILDING AND LOAN ASSOCIATION.—The regular meeting of the Mechanics Building and Loan Association, postponed from the 10th inst. by order of the President, will be held at the Court House on Friday evening the 17th inst, at 8 o'clock, according to postponement.

WM. SIMPSON.
Secretary.

RETURNED.—Messrs. A. S. Lee and Wm. Simpson, druggists of this city, returned home a couple of days since from Boston, where they were last week in attendance upon the annual session of the American Pharmaceutical Association. This Association will hold its session next year in Philadelphia.

JAKE SCOTT'S FONDNESS FOR THE CIRCUS.—Jake Scott, the Republican member of the Convention from Jones, so well known to the Legislative world of North Carolina as the favorite of the Republicans of Jones county, possesses a weakness we have not hitherto credited him with. On Tuesday he was returning from a brief trip home, when he encountered the bill poster of a circus company which is to exhibit in Goldsboro on the 2nd proximo. No inducement to discuss Convention matters (with all Jake's fondness for politics) could cause him to leave the heels of the poster boy, and for two hours he haunted his steps and gazed admiringly upon the gaudy bills that were being pasted upon the walls of our sister town. The tempting viands at the Humphrey House or at "mine friend" Bonitz were sounded in vain in his ears—the magnificence of the trapeze, the beauties of the vaulting exercises, the glories of the riding, and the wonders of the animal exhibition, as portrayed before the admirer's gaze, completely entranced him, and the pains of hunger disturbed him not. When the whistle blew for the departure of the train for Raleigh, Jake was reluctantly induced to get aboard, his last words being, as he departed with his friend of the paste-pot, in substance thusly: "I'll be dem if I don't come to see your circus, whether I can par off or not; dem the Convention, I must see your circus!"

THE STAGE IN NORTH CAROLINA.—In an article on the "Southern Stage," the New York *Tribune* says:

"In Raleigh they have a neat little opera house; and in Wilmington, N. C., a part of the City Hall is set aside for the drama; but in North Carolina the cost of a license to give theatrical performances is so great and the chances of doing a good business seem so little, that but few entertainments are ever given in that State. The three needful permits—State, county, and town—for one exhibition, cost more in North Carolina than in all the cities north of Richmond put together."

An exchange gives us the following information concerning the holders of North Carolina bonds:

"The holders of North Carolina bonds propose to send a delegation to attend the present Constitutional Convention. This delegation is to confer with the members of the Convention upon the subject of procuring the instruction of a clause in the new constitution by which the manner and the time of payment of the State bonds may be settled. The new consols now issued, it is stated, amount to about $4,500,000, which draw only two per cent. semi-annually. Nearly all the bonds are held by persons residing in New York."

GEN. COLSTON.—Says the Wilmington *Star* of yesterday:

"Maj. J. A. Byrne yesterday received a cable telegram from Gen. Stone, dated Cairo, Egypt, Sept. 14, in which the gratifying inteligence was conveyed that advices had been received from Gen. R. E. Colston dated August 5, and that his health was then improving. This inteligence, it will be noted, is three months later than that heretofore published; and while it indicates that Gen. Colston had been ill, as reported, it seems conclusive as to the General's convalescence; and we have no doubt he is now entirely recovered."

Assistant Surgeon F. LeBaron Monroe, U. S. A., has been relieved from duty as Post Surgeon at this station, and ordered to the Department of Dakota. He will be succeeded by Assistant Surgeon John Brooke, U. S. A., who comes from the Pacific coast and who was formerly stationed here from November 1870, to April 1871.

TRINITY COLLEGE.—We learn that Trinity commences the fall session with over one hundred students, a larger number than for many years past. Seniors 15, Juniors 17, Sophomores 30, Freshmen 28. Additions are expected to all except the Seniors and Juniors.

Messrs. B. L. Bingham & Co. bought 118 bales of new cotton yesterday, at from 12½ to ½. Pretty good day's work for the commencement of the season.

WANTED TO RENT.—A convenient, comfortable and pleasantly located residence, four rooms sufficient. Apply at once at the NEWS Office.

THE PHILOSOPHY OF DISEASE.—The philosophy of disease is a subject which is well worthy the attention of mankind, but is, unfortunately, more generally neglected than any other under heaven. Decidedly the most important fact that, in nine cases out of ten, the originating causes of disease is debility, either general or local, and that the earliest manifestations of its approach are identical with those which evidence a lack of vital power. Such being the case, it is perfectly clear that tonic treatment is what is required in the first instance. As an invigorant Hostetter's Stomach Bitters has received the most positive endorsement from eminent physicians, and has long occupied a foremost rank among standard proprietary remedies. Its properties as an alterative of disordered conditions of the stomach, liver and bowels, and a preventative of material diseases, are no less renowned and have been accorded professional recommendation equally emphatic.

ORANGE ELECTION.

A private letter received yesterday from a friend in Orange indicates every thing as working well for our candidate, Maj. Patterson, and predicts for him an increased majority on the Graham vote. The farmers are busy cutting and curing tobacco, but private business is not allowed to interfere with public duty in the good old county of Orange. The election takes place to-day, and we may expect Maj. Patterson down Saturday.

IT IS a favorite delusion with our friends, the enemy, that the tidal wave last fall was but the result of a conjunction of attractions, and has no real permanency; that there has been no actual upheaval, and that the voters will so flow again to their old beds. But we would think their eyes would be beginning to open when such Republican States as Maine, that gave Grant about twenty thousand majority and only last year endorsed his party by a vote of ten thousand, now gives Connor, the Republican candidate, only a majority of 4,500. At this rate we may put Maine down for the Democrats in '76.

IT looks very singular, says an exchange, that the Governor of a State like Ames, of Mississippi, should publicly confess his inability to suppress domestic violence when the number of political adherents greatly outnumber the opposition. According to the census of 1870 the State of Mississippi contains 827,922 inhabitants, divided as regards race as follows: Whites, 382,896; colored, 444,201; Indians, 809; other races, Japanese, Chinese, &c., 16. The preponderance, therefore, of blacks over whites in 1870 was 61,305. Gov. Ames was elected mainly by the colored vote, hence the authority for the statement that his partisans outnumber the conservative or democratic element. It is another singular fact that the Governor does not call out the State militia. Altogether, Gov. Ames is placed in rather an uncomfortable position since the government hesitates to extend him the aid he seeks.

A VICKSBURG *Herald* reporter has interviewed Gov. Ames. The Governor sees the time for such stories as he has told has passed, and greatly modifies his first assertions. He says he knows of no present trouble, and will hereafter invoke the civil power, before using the military. He called for troops because the Sheriff of this county, who is colored, said he was unable to enforce the law. Governor Ames says he will call upon the Sheriff of Warren county, if necessary, to quell any disturbance before using or trying to use troops. He wants to see peace prevail, and will hail with delight the day when the whites and blacks will move together in harmony. Unless there is a more peaceable state of affairs, he does not believe there can be a fair election, though he knows of no violence now.

Ah, Governor! the people of the North can not always be duped. The "bloody-shirt" and "negro-outrage" plan of carrying elections has at last played out.

SENATOR THURMAN is confident of a democratic victory in Ohio. He said recently to a reporter of the Cincinnati *Enquirer:* "We shall elect our ticket this fall beyond a doubt. The fight is a big one, and where every foot of ground is contested, but we'll win it, and the question is no longer that of our succeeding, but the extent of our majority. The campaign has been fought thus far on the republican side by an unparalleled system of lying. They have lied about our principles, our platform, our candidates—about every point that we meet them on. Why, look at the school question, as they call it. They have done nothing but lied about that. It was a lie from the first. Then about the Catholic question, and about the old Governor, and about everything that they have brought into the canvass. I never saw a campaign where the truth was utterly disregarded as it has been by them this year."

HOPEFUL SIGN.

The real business of the Convention commenced Tuesday. Mr. Clingman, Chairman of the committee on Legislative Department, reported an amendment fixing the *per diem* of members of the Legislature. One fact was demonstrated in the discussion of the proposed amendment which we take as a healthful omen, and an indication that there are a few on the other side of the House who are rising above party policy and chachinery to a full realization of their individual responsibility and seem disposed to co-operate in making such alterations as they deem for the public weal. For the first time (*T*uesday) a breach was made in party lines and many Republicans, among who were Messrs. Barringer, Buxton and others, voted with the Democrats for the Clingman amendment. We are glad these gentlemen have set their party an example, and we hope it will have the effect of stopping the daily adjournment sham, and induce all to go to work in real earnest and complete their task as perfectly and speedily as possible.

EAST AND WEST.

It has always been more or less a bane to our State that it should be composed of two sections so radically different as the Eastern and Western portions of North Carolina. Varying essentially in climate and topography, it presents as great a diversity in its productions as if it were two States with an immense space between. Its white population were also derived from different nationalities to a great extent, and the profitable cultivation of cotton in the East caused that section to be thronged with negro laborers, whereas in the West they are not so well suited to farm work, and consequently there are but comparatively few in that portion of the State. With such different interest to foster, it is no wonder that political leaders, though of the same party, should sometimes find their views widely apart on matters of public interest. We hope, however, that the gentlemen composing our Constitutional Convention may be able to lay aside sectional bias, and, in the great work they have before them, endeavor to prepare a system of organic law that will protect alike every interest of every portion of North Carolina. Such is statesmanship, otherwise it is political chachinery.

DR. RANSOM.

The Hillsboro *Recorder* has this to say of the President of the State Constitutional Convention:

"This gentleman occupies at present a conspicuous position in the politics of the State. Elected as an Independent, he came to Raleigh unpledged to either party, and neither party able to claim him positively. He was the subject of assiduous courtship by the Republicans; of respectful attention from the Democrats. When the Convention came to order on Monday, it was with a perfect uncertainty as to which side Dr. Ransom leaned. Yet so assured were the Democrats of his integrity and purity of his purposes, that they put him in nomination, and adhered to him, until his own vote finally settled the difficult question.

Dr. Ransom may be the subject of unkind criticism in doing what has rarely been done in deliberative bodies—casting a vote for himself. We think he deserves praise, not censure. It was a brave manly act, for he knew he was incurring censure. But he had sense enough to see that he was not voting for Dr. Ransom as the man, but for Dr. Ransom, the Delegate from Tyrrell, whose silence deprived his county of its voice. He *would not* support the Republican candidate and his only alternative was to vote for the one the Democrats were determined to uphold.

There is no mistaking his position. He is with the Democrats thoroughly. The Republicans admit it, and do not conceal their disappointment. His appointment of the Committees shows that he is with the Democrats thoroughly in all measures of reform.

Some of our Exchanges do him wrong. He was not elected as an Independent Republican, but as an Independent man, free to make his own choice. He has chosen."

THE Petersburg *Daily News* of Tuesday has this to say of the work being cut out by our Convention:

In the North Carolina Constitutional Convention about one hundred and twenty-five ordinances have been introduced to amend the present State Constitution. The principal of these are to reduce the number of Supreme and Superior court judges, and providing that they be appointed by the General Assembly instead of elected by popular vote, (right); fixing the pay of members of the legislature at $300 per annum, (niggardly); reducing the number of county commissioners; fixing the term of Governor and State officers to two instead of four years, (wrong); providing for the non-suspension of the writ of habeas corpus; for separate schools for white and black children; modifying the appointing power of the executive; fixing the salaries of the Governor and State officers; abolishing the Senate branch of the legislature, (wrong); prohibiting felons from holding offices or setting on juries, and providing for the compromise of the public debt.

The Democratic Candidate for Gov. of Pennsylvania.

Cyrus L. Pershing is a native of Cambria county and was born in 1825. He has practiced law at Johnstown for many years, and has devoted his life to his profession. Although a Democrat in his convictions he was not a violent partisan, and was often called upon to take a place on the ticket. In 1859 he came within a few votes of defeating Col. Edie for Congress in the strong Republican district of Huntingdon, Blair, Cambria and Somerset, and in 1858 he was renominated for Congress, but defeated by S. S. Blair by some 2,000, although leading his ticket. In 1860 he was chosen to the Legislature and served five years consecutively. In 1860 he was the Democratic nominee for Supreme Judge, but was defeated by Judge Williams by 8,791 majority. Two years ago the people of Schuylkill county, without distinction of party nominated him for President Judge against Judge Ryan, and he was elected by over 3,000 majority. Since then he has devoted himself to his judical duties, and discharged them most acceptably. That he will be a terror to official plunderers, should he be elected Governor of Pennsylvania, is assured by his sentence of three County Commissioners of Schuylkill county who were convicted of careless and fraudulent expenditure of the county funds. These commissioners were arraigned before Judge Pershing on Monday last at Pottsville, and sentenced to two years' imprisonment each in the county jail, to pay a fine of one thousand dollars, and to be deprived of their office as commissioners. This vigorous action of Judge Pershing doubtless had much to do with his nomination for Governor. Judge Pershing is personally in favor of hard money, but will sacrifice his views to party policy.

A Handsome Recognition.

On Saturday last, when the negroes were ruthlessly murdering white men in Clinton and mutilating their dead bodies, a cry came to Vicksburg for assistance, and how nobly our Vicksburg boys responded the public knows. When they reached Clinton there were hundreds of strangers there, all assembled for the same purpose, to protect the lives and property of the citizens against ignorant and brutal savages. To find accommodations for so many people was of course a difficult task in a little village like Clinton, but they were stowed away and provided for as well as could be under the circumstances. Mrs. Hillman, of the Central Female Institute, threw open her house to the Vicksburg boys, and herself and the young ladies of her household showed them every kindness and attention, as did, also, Mrs. Lewis, of the hotel. Yesterday the "Vicksburg boys," in recognition of the kindness shown them, sent a handsome set of silver to Mrs. Hillman, a beautiful gold and silver cake-stand to Mrs. Lewis, and bijour mementoes to the young ladies. The "Vicksburg boys" say they will never forget the ladies of Clinton, but will always hold themselves in readiness to respond promptly to any call they may make upon them.—*Vicksburg Herald* of the 10th.

A WOMAN WHO COULD SWIM.—During a recent voyage of the steamship Royal Dane from Copenhagen to Newcastle-on-Tyne a serious accident befell the stewardess, a Miss Fry. The sea was rough, and as she was going up some steps to the deck, the boat took a lurch and she fell into the sea. The accident caused great commotion on board, and it was expected that she would be drowned before assistance reached her. A boat was gotton out from the steamer as soon as it could be stopped, and was fully manned and pulled back to where Miss Fry was last seen. She was found comfortably floating on her back when the boat reached her, and not much the worse for her immersion. She stated that after she was thrown into the water she pulled off her boots and swam for some time. She then waited quietly until the boat picked her up. Miss Fry belongs to a famous Tynemouth family of swimmers, and she is considered one of the best female swimmers on the northeast coast of England.

The action of the Pennsylvania democracy in declaring for inflation makes doubly interesting a recent statement of the Cincinnati *Enquirer* that the fondest desire of the inflationists is to have the next Presidential contest narrowed down to the democracy with an inflation platform and candidates on one side and the republicans with President Grant for a third term on the other. There is no doubt about this being their hope, and it is unnecessary to add that it pleases the third term advocates, who think it their duty to support Governor Allen like it?

GENERAL JOHNSTON AND THE EGYPTAIN ARMY.—SAVANNAH, Ga., Sept. 13.—General Joseph E. Johnston has just arrived here from the White Sulphur Springs, of Greenbrier county, W. Va. The statement that he has been offered the command of the Khedive's army is wholly without foundation. General Johnston does not know how the erroneous statement got into circulation.

Miss Luck was pronounced the best and most expeditious cook at the late Cincinnati Fair. The facts upon which the award was made were as follows: In thirty minutes Miss Luck cooked, and cooked well, potatoes, chicken, porter-house steak, tomatoes and corn, and made coffee, tea, pie and biscuit, and set the table in the neatest style. Lucky dog he who places Miss Duck at the head of his "kitchen cabinet."

The reason why a drunken man in falling seldom hurts himself is discovered by the New York *Express*. It is "because he makes no effort to save himself, and accommodates himself unquestionably to the surface he comes in contact with."

An Indian squaw who passed through this city yesterday from the far West had a chignon that looks very much like the hair of the New York Herald's correspondent, who wrote a few weeks ago that the Indians were very friendly.—*Milwaukee Sentinel.*

A small boy in New Haven made a sensation for a short time by quietly transferring a card bearing the words "Take One," from a lot of handbills in front of a basket of oranges.

Fight at King's Mountain Between Whites and Negroes—More Trouble Apprehended.

We are indebted to Mr. T. C. Joyner, the obliging manager of the Southern and Atlantic Telegraph office in this city, for a statement which he received late yesterday afternoon by telegraph, to the effect that on Saturday night, 11th inst., at the engine house of the Gaston Gold Mining Company, which is situated two miles East of the village of King's Mountain, on the Air-Line Railroad, a crowd of white and black miners were engaged in gambling. Some dispute having arisen about the money, a negro named Aleck Bruton jerked off his coat, drew his knife and swore that he was not afraid of any white man living, and knocked down a white man, by the name of Milton Ewins, and cocked his pistol on a white man, by the name of John Northey, when he was knocked down with a stick in the hands of a white man.

The negroes then dispersed, and raised a crowd of about twenty-five, and on Sunday morning waylaid the public road, between King's Mountain and the mine. They came out upon six white men, who were passing, but did not find those they were looking for. Yesterday morning a crowd of negroes went into the engine house again, and finding a white man, by the name of Pat Rainy, beat him badly. At the time this telegram was sent, they were marching armed up and down the public road, between King's Mountain and the mine, swearing that they would have vengeance last night—that they meant war.—*Charlotte Observer of Tuesday.*

THE BLACK HORSE CAVALRY.—The Alexandria (Va.) *Gazette* learns from a reliable source that General Fitzhugh Lee has received a letter from the Khedive of Egypt, in which his Highness, after paying General Lee a high personal tribute, says that he is desirous of forming a body of household troops to constitute his "body guard," and that he wishes as such veteran soldiers, and also that they shall be the picked men out of the whole American cavalry in the late civil war; and that if the General thinks that the Black Horse Cavalry could be organized, to write to that effect. The *Gazette* adds that such a reorganization is impracticable, the members of the late Black Horse being scattered over the four quarters of the globe.

GOVERNOR ALLEN IN OHIO.—The Cincinnati *Inquirer* (Democratic) thus speaks of the prospects of Governor Allen's election:

"Willian Allen is just as certain to be re-elected Governor of Ohio as that the sun will rise on the 12th day of October. If there was ever the slightest doubt upon that subject there is none now. From this day forward it will only be a question of majority."

TO BUSINESS MEN.

A good advertisement in a widely circulated newspaper is the best of all possible

A

salesmen. It is a salesman who never sleeps and is never weary; who goes after business early and late; who accosts the merchant in his store, the scholar in his study, the lawyer in his office, the lady in her home, the traveler in the car or boat;

V

a salesman who no purchaser can avoid, who can be in a thousand places at once and speak to thousands of people daily,

E

saying to each one the best thing in the best manner. A good advertisement insures a business connection on the

P

most permanent and independent basis, and is in a certain sense, a guarantee to the customer of fair and moderate prices. Experience has shown that the dealer, whose wares have obtained a

T

public celebrity, is not only enabled to sell, but is forced to sell at reasonable

rates, and to furnish a good article. A dealer can make no better investment

than in the advertising columns of a widely circulated newspaper. Such is

the opinion of a man who is known to be the largest advertiser in the United States.

Its elevated and cool location, in full view of a beautiful MOUNTAIN SCENERY; removed from the heat, noise and bustle of the Public Square, makes it the most desirable house for the invalid, and equally so for the seekers of pleasure.

COTTON GINS.

TRIALS OF GINS AT THE WILMINGTON FAIR, Dec. 13th, 1873, between a 40 Circular Needle Gin and a 40 saw Taylor Gin, each Gin having 100 lbs. seed cotton;

NEEDLE GIN ginned 100 lbs. in 6 minutes,
TAYLOR Saw Gin " 100 lbs. in 9 minutes,
NEEDLE GIN made 96 lbs. Lint,
TAYLOR Saw Gin " 33½ lbs. Lint.

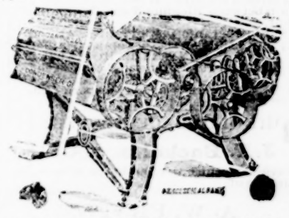
Good BAND OF MUSIC, Ten Pin Alley, Billiard Table, and a supply of Ice.

Omnibus will be at Hickory Station, on the Western N. C. Railroad, for Passengers on the arrival of every train.

Board $2.00 per month of 28 days—half price for children and servants, and a liberal deduction for families.

My Post-office is White Sulphur, N. C.

DR. E. O. ELLIOTT,
my 6 tf Proprietor.



PLEASE EXAMINE THE PRACTICAL RESULT.

The merchantable bale of cotton being an average of four hundred and seventy pounds, for convenience we submit a test on thirteen hundred pounds cotton in seed, as being a near approximate to the merchantable bale in lint.

TEST OF NEEDLE GIN.

Thirteen hundred pounds of seed cotton yielding in proportion to the above test, produces four hundred and sixty-eight pounds of lint and calculating the price per pound at fourteen cents, (as an average rate obtained for the season's crop), the net value of the production would be $65.52. The time consumed in ginning would be seventy-eight minutes to the bale.

TEST OF TAYLOR SAW GIN.

Thirteen hundred pounds of seed cotton yielding in above proportion, would produce four hundred and thirty-two pounds lint (or some thirty-six lbs. lint per bale less than the Needle Gin), which at fourteen cents would net $60.48—or a loss of $5.04 per bale as compared with the Needle Gin. This would require the ginning of only fifty-three bales TO PAY FOR YOUR GIN, as the amount saved would buy you a Forty Circle Gin.

Mississippi Affairs—An Interview Between Mississippians and Attorney General Pierrepont.

WASHINGTON, Sept. 15.—The Postoffice department will dispatch mails to-morrow morning by the fast trains which have lately been put on. The department loses 25 cents per pound on newspapers and 10 cents per pound on merchandise between New York and San Francisco. The railway mail ordered from Little Rock to Altus, 120 miles, commencing October 1. It is claimed the fast mail will give twelve hours advantage to Southern mails at Louisville and St. Louis.

A delegation, consisting of Senator Bruce, Sheriff Buchannan, of Marshal county, ex-Congressman Howe, Secretary of State Hill, Chairman Republican State Committee Warner and John B. Warner, Editor of the Mississippi *Pilot*, had an interview with Pierrepont which lasted till after 2 o'clock. Pierrepont questioned each severally. They agree that Warren county is quiet, and the emergency which demanded Federal interference for the present has passed. They represented the number of white Republicans in Mississippi as few. There is no military organization in the State except the White League. They are of opinion that no further troubles will occur in Mississippi until the Republicans attempt to hold a meeting. Then they apprehend such gatherings will be broken up. Judge Pierrepont asked why the Republicans did not organize and defend themselves, they replied they had no organization, and when they came in contact with the organized white Leauges they fled before them. They stated that the sovereignty of Mississippi was unable to protect itself without the aid of the Government. If the troops were not sent before the November election many Republicans would be interfered with at the polls. Pierrepont said he had advised Ames to perfect some military orgsnization to protect the people of the State in their political rights, and advised the delegation to return home and consult with Ames about organizing for protection. Should they fail to do this and further trouble occurred let him know. Pierrepont is of opinion that no further action will be taken upon Ames' requisition for troops.

CROP REPORTS.

The Cotton Crop Improved in Some Sections and Damaged in Others—the Average Condition of the Crop.

WASHINGTON, Sept. 15.—The Department of Agriculture reports the condition of cotton better in September than in August in Mississippi, Louisiana and Arkansas, and worse on the Atlantic coast in Alabama and in Texas. The prevalent draughts of July were succeeded by rains in August too copious for the best results in the Mississippi valley and quite injurious in the heavy soils of the Eastern belt, causing rust, shedding of leaves and fruit and to some extent rotting of the lower bolls. There is a rank recent growth which will yield largely with a favorable and long Autumn season, or prove a disappointment in case of an early killing frost In some parts of Texas the drought continued for nine weeks, but the seasonable rains since the middle of August have placed the fields in high condition in all except the most severely parched localities. Losses from the prevalence of insects will scarcely be a fraction in calculating the product of the present year. A few counties in Florida and lower Georgia report the caterpillar. The boll worm is more numerous in the lowlands of Mississippi and is heard from in a few other counties. The lice are mentioned by some correspondents, and in Covington, Alabama, the correspondent reports a new enemy which he calls a minute gnat which harbor on leaves like lice, producing wide spread and serious injury. As compared with September 1874, the only States now reporting lower condition are South Carolina, Georgia and Florida, and in the Mississippi Valley the improvement is very marked, particularly in Tennessee and Arkansas, in which the averages were very low in 1874. A large proportion of the cotton area of the country is represented in the September returns, which include no less than sixty cotton counties in Texas and seventy-six in Georgia The State averages of condition are as follows: North Carolina 90, South Carolina 80, Georgia 76, Florida 75, Alabama 87, Mississippi 98. Louisiana 88, Texas 94, Arkansas 99, Tennessee 96.

COTTON TIES,

Something New, But Old!

We have now the agency for the sale of the "Providence Pieced Cotton Tie," in towns along the R. & Air-Line Railroad to Fayetteville along the R. & D. Railroad to Goldsboro; thence to Weldon and Beaufort and along the R. & G. Railroad to Weldon, and are now offering this Tie at 1½ cents per pound in car load lots, delivering in any depot in our section.

This Tie is newly done over, put up into bundles same size and weight as the Arrow Tie and use the Arrow buckle. Each broken one is neatly mended with two rivets, which makes it doubly strong.

Most parties who used them last season say they much prefer them to new ones considering the difference in cost.

All orders for shipments within the next two weeks can get Sixty days, they paying freight on arrival and deducting same from bill when due.

Orders from merchants and large dealers respectfully solicited.
